## Colostrum6

CERTIFIED 6-HOUR COLOSTRUM SUPPLEMENT

**SUPERFOOD FROM THE LAND**

# Our Story

Early in his career, Dr. Anthony Kleinsmith, Ph.D., discovered that the source of powerful anti-aging components used in a prestigious anti-aging clinic in California was derived from a natural source known as colostrum. He assembled a team of scientists, doctors, and tasked laboratory facilities around the world to research the amazing properties found in colostrum. This led to the formation of certified 6-Hour colostrum products, also known as Colostrum6. Dr. Kleinsmith is considered one of the world's leading experts on colostrum and its healing properties. He has lectured worldwide and authored several books regarding the well documented historical healing properties of bovine colostrum.

- 6-hour colostrum of the highest quality certified by Dr. Don Lein, Professor Emeritus, Cornell University. Our colostrum is harmlessly harvested at first milking, only after the needs of the newborn calves are met, to deliver the highest level of natural benefits.
- Colostrum6 has been extensively tested and proven by multiple independent laboratory analyses to have the highest ratio of beneficial factors comparatively.
- Colostrum6 is routinely tested organic, free of herbicides, pesticides, hormones, antibiotics, and steroids.
- Colostrum6 is 100% natural, it is not denatured or artificially lipolyzed, no fats are removed and no lactose, modified enzymes, or excipients are added.
- Colostrum6 is minimally shelf stabilizing using a proprietary low-temperature process for better bioavailability. No chemicals or preservatives are added.
