

THE HEALTH PRACTITIONERS PROFESSIONAL PROGRAM

ANOVITE will always strive to be creative in the opportunities that it has for its associates. We have both a Retail/Wholesale model and a Referral Model through the Professional Program. Health Practitioners can purchase at wholesale and Retail the product out of their place of business but they will have clients that will want to have the product sent to their homes and for those we have the Referral Model.

We understand that there are different directions that an associate has to bring in new opportunity seekers and grow; one way of supporting our associates is through their RELATIONSHIPS with their Health Professionals! That is a very broad description and can encompass many different modalities but the MUST which has to be maintained is a Licensing structure; Medical Doctors, Doctor of Osteopathy, Chiropractors, Naturopaths, Nutritionists and many more! These health professionals maintain a yearly licensing structure and must maintain on-going educational "credits" to keep their license current!

These Professionals have earned their degrees and have built a practice that allows them the opportunity to make a significant impact on the wellness of their clients. Therefore, we understand their need to ensure they have the products at their disposal, not only at a price everyone can afford but that allows the practitioner to earn an income.

The Health Practitioners Professional Program allows Health Practitioners an opportunity to earn an income in several ways:

RETAILING the product at their place of business and online (up to 45% commission); products are sold at full retail!

WHOLESALING the product through their Anovite business; products are purchased at the discounted pricing; this provides an ongoing First Order Bonus to the practitioner and residual income from subsequent purchases!

Practitioners purchase the products for resale through their business at a discount as long as they meet certain criteria, it also allows them to refer their clients and earn an on-going 25% commission on all client orders (Retail & Wholesale) when their clients become Anovite Customers and then ongoing referral commissions through the compensation plan which over time can accumulate and pay very nicely.

Wholesale Purchases of the Anovite Product Line	Mix/Match; choose any bottles within the line
6 Bottles Up +	20% Off the Current Wholesale Price
Professional Designation:	Senior Associate Rank On-going 25% commissions

RULES (Wholesale Purchases ONLY):

1. Must have a current, up-to-date "License*". This license must be on file with Anovite.
2. Must resale the products at full retail; IF SOLD BELOW RETAIL WE WILL NOT CONTINUE TO WHOLESAL THE PRODUCT TO THE PROFESSIONAL AND THE PROFESSIONALS POSITION WITHIN ANOVITE WILL BE TERMINATED.
3. (Dropship ONLY) Must provide their clients with their Associate ID or the name on file, if the Health Practitioner wants Anovite to dropship to their clients for the Practitioner: ALL DROPSHIPS have shipping costs.

*License means "Continuing Educational" curriculum, which the practitioner maintains in order to be in practice! The Practitioner may have their clients call the company and mention the Practitioner either by name or with the Practitioner Anovite ID#. Please email the current license to: info@anovite.com. A Practitioner client will not be put into the system until they make at least a one (6) bottle purchase.
