

Your Anovité Sample Program

Guide, Info & Policies

"What's better than **low-cost?** ... How about **FREE!**"

Your Sample Program is a complete sales funnel. And, as such, it is highly automated all the way through most of the follow-up process.

Your Sample Program is truly one-of-a-kind. One of the most popular features is our extremely generous "**free sample credit**" feature. We start you out with free credits and you can also earn an UNLIMITED number of additional free credits.

Like with your Anovite Professional Development Program, again, we are investing in you. This unselfish commitment to our Associates has earned us the reputation for being the "**Gold Standard**" of our industry. We BELIEVE in YOU enough to INVEST in YOU!

The core principle of your Sample Program is it is easier to give something of value than to try to sell something. **Why? Simple!** Far more of your teammates will be willing to give a gift than to try to sell something. In short, that means more of your team can succeed!

This program is designed so you and your future teammates can launch your businesses with little or no added expense.

Use this program effectively and it might be the only technique you ever need for building your business.
